Say goodbye to questionable ingredients

And say hi to Suntribe's award-winning, certified natural cosmetics that just work. The

Suntribe family is growing fast and our products can now be found at about 2000 locations in Europe and Asia.

We exclusively use ingredients that are proven safe for people and nature. That's what we call worry-free.

Trusted by professional athletes

For athletes taking on demanding challenges in extreme weather conditions, it's especially important to be confident in the sunscreen they use.

That's why Suntribe is the choice of numerous professional athletes around the world.

As part of the tribe, we count Swedish Pro Surfer Tim Latte, French bodyboarding champion Anne-cécile Lacoste and Olympic Class foil windsurfers Elena Sandera and Helle Oppendal (as seen to the left) and many others.
