INNOVATION SECURITY QUALITY PASSION

**made to
improve your
surf adventures**

PASSION

Surflogic is a company owned and run by surfers and watersport enthusiasts. Established in 2005 as a result of a passion for surfing and watersports with the mission to develop high quality and innovative products which improve the day to day life of surfers and watersports enthusiasts.

QUALITY

All our products are manufactured with high quality materials under the supervision of our designers, engineers and tested at sea by our riders. We produce high quality products to maximize the product life.

INNOVATION

From the very beginning, our philosophy has been making unique and innovative products:

Introducing the key security lock box concept to watersports and continuously developing new models to keep your keys safe.

Inventing an innovative wetsuit dryer designed for fast drying.

Developing innovative hangers for drying and wetsuit storage and accessories.

Creating many other products as wax&fin tools, etc.

SECURITY

Security is part of our identity, being a basic pillar of our origins by introducing the key security lock boxes into the watersports market.

COMMITMENT TO THE ENVIRONMENT

Responsible packaging: we work with a program to reduce the use of single-use plastics in our packaging while introducing recycled packaging solutions and recyclable packaging.

PLASTIC FREE
PACKAGING

RECYCLED PLASTIC
PACKAGING

Product life: we produce high quality products to maximize product life.

The majority of our products are 100% recyclable: once you no longer want to use them, you can give them a second life.

Oeko-Tex Standard 100: our ponchos and towels are certified by Oeko-Tex Standard 100 guaranteeing that every component of this article has been tested for harmful substances and that the article therefore doesn't cause harm to humans.
